I had been with Lizabeth several times over the last months I had known her. She was really a TV but I considered her and called her a beautiful woman that just happened to have a cock. I am in my 70's, widowed but still very much interested in satisfying my sexual appetite. My times with Lizabeth have done so.

I was standing at the airport, watching her flight land. It was Friday afternoon; my meeting was done so I had called Lizabeth to see if she was available for a few days. She said yes so here she is. As I watched the plane pull up to the gate my cell phone rang. I didn't recognize the number but answered it and heard,

"Hello Tony?" a voice asked.

"Yes," I replied.

"This is Beca, a friend of Lizabeth, is it alright if I join you two for the weekend? If it isn't I'll stay on the plane and go back home."

I thought to myself, what is my girl friend up to now. She had pulled a couple of really interesting surprises at a couple of our meetings but never another person.

"Of course it's all right," I said, "I look forward to meeting a friend of Elizabeth's."

"See you in a few," she said and hung up.

I was standing at the end of the concourse when I spotted my lover. I was blown away. If there were ever twins in this world they were walking towards me. Same height, same long black hair, same beautiful faces, same breasts, same long legs. Definitely out of the same mold except one was white and one was black.

When the girls got closer Lizabeth rushed to me and wrapped her arms around me and buried her tongue in my mouth. It wasn't a kiss that said hello I'm so glad to see you it was a kiss that said hello, why aren't we in bed yet. As soon as Lizabeth was thru she said I want you to meet Beca. We found each other about a month ago and have become very good friends.

I put out my hand to Beca expecting to hug her and kiss her cheek but she grabbed me and buried her tongue in my mouth with the same urgency as Lizabeth. When Beca released me I stepped back and looked at the big grins on my two girl's faces. My driver stepped forward and took the girls carryon's,

they grabbed my arms and away we went. And believe me we got the looks and stares as we proceeded thru the airport.

The girls and I settled into the back of the limo while our driver retrieved the girl's luggage. Then we headed for the hotel. I had reserved a suite with a monster bed, a hot tub, dining area and very comfortable setting room. After I had tipped the bell hop a hundred and told him to bring up a couple of bottles of champagne I explored the apartment with the girls. The first thing Beca said when she saw the bed was, "Do you thing that's big enough for the three of us?"

"Lizabeth said, "If we snuggle a lot it will work." Then she said to me, "Will you excuse us while we freshen up?" and "Here's something we brought for you to wear."

Our bellman brought the bubbly for us and after he left I laid the cloths bag on the table and unzipped it. Inside was a sort of formal dinner jacket made out of a red and orange and green tropical flower print, a pair of black boxer shorts and a pair of white sneakers. I tried them on and everything fit perfectly. I poured three glasses of drink and settled back to await their entrance.

I didn't even have my cock in my hand but still almost shot my load when I saw them. They came slinking out of the bedroom, hands on their hips in the sexist display I had ever seen. Both of them in tight tank tops and g-strings, Lizabeth in black and Beca in white. The tent my hard cock was making was like a circus tent. I had no idea what these girls had cooked up to do to me but I did know I was ready, willing and able. They stood in front of me, wiggling their hips, pushing their tits out and licking their lips. I rubbed up and down their legs with my foot, first Lizabeth and then Beca. They had the most seductive look on their faces that even had we been downstairs in the lounge I would have got on my knees and sucked them.

They settled in, one on each side of me and both attacked my head. Rubbing my face with their hands while they nibbled on my ear lobes and ran their tongues around in my ears. Then they kissed down my face towards my mouth and all three of our tongues danced together. Then hands started fingering down my body, pulling my nipples, playing in my navel, and then grasping my cock. I don't know how I had avoided filling my shorts with my seed but the more they played the closer I got. Beca was the first to take me in her mouth. It was like she had used the hose of a sweeper her suction was so great. While she sucked, Lizabeth sucked my balls. Two hands went to my cock, two tongues licked up and down the sides and when I shot, two mouths accepted their reward. Each one took a turn and sucking me dry and each one took a turn at licking me clean. I was completely exhausted.

The girls cuddled in beside me and we sat there for a bit while I recovered somewhat. Then they pulled me up and led me over to the bed. Beca pulled an easy chair over and they sort of pushed me down in it. Then Lizabeth said in a sexy voice,

"Let the games begin!"

The girls did everything they could do to each other standing up, they kissed, they licked each other's faces, they played with their breasts with hands, mouth and fingers, they slid their hands down between

each other's legs and rubbed their man meat and then Beca became the very Alpha female, nearly ripping Elizabeth's tank top off. She pushed her back on the bed and pulled her g-string off. Then took her cock deep in her throat.

After a bit of sucking Beca reached over to the table and picked up a condom and some jell handing them to Elizabeth. The grin on her face told me that Elizabeth not only enjoyed putting the condom on Beca but was also going to enjoy what Beca was going to do to her. With condom in place, Beca took the jell and applied some to Elizabeth's man cunt and then pressed the head of her hard cock at the entrance. In just a few short strokes their balls were banging as Beca fucked all the way in and then all the way out of Elizabeth's cunt. They played like this for some time before Beca pulled out and reached for a condom and slipped it on her lover's dick. The Elizabeth became the fucker and Beca the fuckee. They were so into it I wanted to join them but they kept telling me to stay where I was. For the next 10 or 15 minutes the two girls fucked each other in every conceivable position. Missionary, doggy, ridem cowboy front and back and needless to say the more I watched the more I wanted, no, needed to be there with them. Elizabeth got on her hands and knees again, wanting it doggy. Beca started to ram her hard cock in but then hesitated and turned to the table and retrieved a condom. She smiled as she rolled it onto my hard dick. Then she pointed to her ass and said,

"It's all yours," with a big smile.

And as she pushed her meat into Elizabeth's waiting asshole I pushed mine into hers. Having been pounded pretty good by Elizabeth, her love hole was very receptive with no real effort on my part. We fucked for 5 minutes or so, me just sort of standing there while Beca's cock went into Elizabeth and her rosebud off of mine. The she pulled out and took mine in, it was fun and I think we all three loved it. Then Elizabeth said, "Time to rotate."

This time I was in the middle, Elizabeth was kneeling on the bed and I pushed my hard cock into her pussy and then Beca did the same to me. It was unbelievable, my hard cock buried in one of my girl friends while the other one was hammering me. Soon Beca increased the pace as she fucked me and then pushed me against Elizabeth and pounded me hard. Then she put her hand on my shoulder and pushed me to my knees as she ripped the condom off her cock. She barely got it into my mouth before she unloaded a tremendous amount of cum.

While I was draining Beca's cum stick Elizabeth stood up beside me and was stroking her cock quite rapidly. She put her hand on my head and turned it and buried her cock in my mouth just as she dumped a big load of cum. I sucked her dry, licked the head clean and sat back. I had two wilting cocks in my hands and a big smile on my face.

My girls each took an arm and pulled me up, then pushed me back on the bed. Beca removed the rubber from my cock and both girls started sucking and licking my balls and cock. With this kind of attention, it wasn't long before a shot a load in Beca's mouth. She kissed Elizabeth and shared some of my cum and then kissed me, letting the rest of it drizzle down into my mouth. I was exhausted as were the girls so they cuddled with me and we fell fast asleep.

I awoke a few hours later, alone in the bed. I had to pee really bad so I headed for the bathroom. When I finished I started looking for the girls. Hearing some commotion from the living room I looked through the door. There were my girls, on their knees giving a blowjob to the Bellman that had brought our breakfast. Elizabeth saw me in the door and beamed for me to join them. I didn't know if the Bellman was going to go along with that but joined the girls anyway. They continued to lick and suck his cock and balls and then let me in. I took his cock all the way down my throat just as he grabbed my head and started fucking my mouth. He dumped a big load of delicious cum before he pulled back somewhat pissed. He swore at the girls and me saying he wasn't a fag. Beca reached out and took his cock in her hand and licked the head. She smiled at him and said it would be OK.

After the Bellman departed the three of us got into breakfast. We were all starved, agreeing we hadn't had anything to eat except cum for about 8 hours. I looked at both of them and smiled and said,

"I'll take cum instead of food anytime."

Beca looked at me and said, "Elizabeth tells me you like to lick a woman's pussy. Is that correct?"

"I like giving oral sex to men and women," I replied.

"I have a cousin that lives here. She's not the prettiest woman you've ever seen but she has beautiful breasts and a very nice pussy. I was her first fuck, when we were 13. We've been together a lot since then. Would you like me to call her?"

I thought to myself, I've just been though I don't know how many hours of continuous sex with these two beautiful and horny women. Now they want to know if I want to add a third. What the hell, why not?"

Chapter three will be an unbelievable afternoon and evening when Ellen joins the party.
